

Ian

Goodwood, ON

Greg, I just wanted to thank you for the fantastic work you did finishing up the last few renovation jobs here at the house. I am very happy with the quality of the work you did. You gave both my wife and I wonderful customer service too. Your pleasant manner and your fine workmanship are really appreciated. I thought my standards were high - you exceeded my expectations and went "above and beyond". The house is now a home thanks to your finishing details. I will be highly recommending you, your company and your services to anyone and everyone I know that is looking at renovating. Thanks again for your professional and excellent service.
