

Irene
Aurora

I heard about Greg's work and saw the new deck he built at my friend's house which looks spectacular I knew I had to have him to do some improvement work in my kitchen. He installed my dish washer, removed some old ceramic tile and hooked up the drain for my sink after granite tops were put in. He is honest –punctual – does a great job and leaves you place clean.
Thanks Greg got your card ready for the next job!
