

Catherine

Guildwood Village

Greg has done several things for me at my home. The most recent being work on my bathroom. He installed a new ceiling fan, toilet, faucets, and showerhead, as well paint the bathroom. When I had difficulty making decisions about the fixtures, Greg talked me through the process so that I could make informed decisions and he even offered to go to the store with me. Perhaps even more important for me is that Greg is someone I'm totally comfortable having in my home. I would, and have, highly recommended Greg to friends.
